DxF Updates

2026 DxF STANDARDS WORKGROUP

- HCAI is now accepting application for the [2026 DxF Standards Workgroup](#) through **August 31, 2026**.
 - The 2026 Standards Workgroup is being convened to advise HCAI on A DxF Roadmap for Fast Healthcare Interoperability Resources (FHIR) Adoption. Specific technical and operational expertise on FHIR implementation and adoption is being sought to advise on priorities for various DxF use cases to

support using FHIR, adoption strategies, how to mitigate the cost of implementing FHIR and transitioning from legacy standards, and an overall timeline for adoption.

UPDATED COMPLIANCE DOCUMENTS NOW AVAILABLE

- Beginning January 1, 2027, HCAI is required to publish and maintain on its website the names of any known entities it deems to be not in compliance with the requirement to execute the DxF Data Sharing Agreement (DSA).
- Entities that believe they fall outside the scope of the DxF DSA signature requirement can submit a [Non-Required Signatory Attestation Form](#) to HCAI. If approved, HCAI will remove the entity from its published DxF Non-Compliant List (effective January 1, 2027). Note: submitting an attestation does not prevent an entity from voluntarily signing the DSA if it later chooses to. See the [DxF FAQ](#) for details on specific exclusions. Please see the associated [Non-Required Signatory Attestation Form SOP](#) for more details on this process.
- Entities anticipating difficulty meeting this deadline may submit a [Statement of Extenuating Circumstances Form](#) for HCAI to post alongside that listing. Note that submitting a statement does not prevent HCAI from publishing an entity as non-compliant or from referring compliance status to relevant state licensing boards. Please see the associated [Statement of Extenuating Circumstances Form SOP](#) for more details on this process.

2026 HEALTH BUDGET OMNIBUS TRAILER BILL

- California Governor Gavin Newsom has signed the 2026 health budget omnibus trailer bill, which includes delays in required compliance with signing the Data Sharing Agreement from July 1, 2026 to July 1, 2027, for specified community clinics, intermittent clinics, and rural health clinics.
 - Please see the [legislative text](#) for more information.
- HCAI has published amended versions of the following DxF resources to align with the updated Data Sharing Agreement-signing deadlines in the 2026 health budget omnibus trailer bill for specified community clinics, intermittent clinics, and rural health clinics:
 - [Participant Directory Policy & Procedure](#)
 - [Requirement to Exchange Health and Social Services Information Policy & Procedure](#)
